Invitation to the 2nd ASEAN-ROK Health Webinar on

“Health Financing for Universal Health Coverage: More Money for Health, More Health for Money”

We are pleased to invite you to our 2nd health webinar on “Health Financing for Universal Health Coverage: More Money for Health, More Health for Money,” organized by the Korea Institute for Health and Social Affairs and co-hosted by the ASEAN Secretariat and the Mission of the Republic of Korea to ASEAN. It will be held on ZOOM **on Wednesday, 30 November 2022, from 14:00 to 16:10 (GMT+7) – 16:00 to 18:10 (KST).**

As the impact of the ongoing Covid-19 pandemic is felt across the world, the gains of MDGs and SDGs stand to be negated unless we counteract it. New and familiar challenges, such as aging populations, emerging infectious disease threats, the NCD epidemic, and new technologies, are putting more cost pressure on health systems worldwide, including in the ASEAN region. The region is also faced with overpopulation, pollution, and natural hazards with the increasing impacts of climate change. These call for deeper insights and innovative solutions in how we finance our health systems to make them more resilient by raising more resources, efficiency and equity. Addressing these critical issues is the purpose of our webinar.

We would be pleased and honored if you would join this important discussion on health financing in two essential aspects: more money for health and more health for money.

We look forward to your participation.

Hee-seog Kwon

Ambassador

Mission of the Republic of Korea to ASEAN

Ekkaphab Phanthavong

Deputy Secretary-General of ASEAN

ASEAN Socio-Cultural Community
